PIONEERING DIAGNOSTICS

Disclaimers

This presentation contains information, assumptions and estimates that were used by the Company to determine its objectives on a reasonable basis. They are subject to change or modification due to economic, financial, medical and competitive uncertainties in markets addressed by bioMérieux. Further information regarding these assumptions, risks and estimates are described in the documents registered with the Autorité des Marchés Financiers.

The forward-looking statements contained in this presentation apply only up to the date of the presentation. Accordingly, the Company cannot give any assurance as to whether it will achieve the objectives described in this presentation, and makes no commitment or under taking to update or otherwise revise such information.

This document does not constitute an offer to sell or an invitation or solicitation of an offer to subscribe for or purchase any securities, and this shall not form the basis for or be used for any such offer or invitation or other contract or engagement in any jurisdiction.

A woman with long, curly brown hair, wearing a white lab coat and blue nitrile gloves, is smiling as she interacts with a VITEK REVEAL diagnostic machine. The machine is white with a green light strip on the side and the Biorésumé logo and 'VITEK REVEAL' text on the front. In the background, there is a computer monitor displaying a software interface and a keyboard on a desk. The setting appears to be a modern laboratory or clinical office with large windows.

- **Strong sales dynamic** driven by the **GO.28 four growth engines** (BIOFIRE[®] non-Respiratory Panels, SPOTFIRE[®], Microbiology and Industrial Applications) **up +13.4%**
- **+20% organic CEBIT growth¹**, with **CEBIT margin up +150bps¹ versus 2023**, exceeding the +12%/+17% annual guidance for 2024
- **Continued expansion of the product portfolio with multiple FDA clearances: SPOTFIRE[®] R/ST panel, VITEK[®] REVEAL[™], BIOFIRE[®] FILMARRAY[™] Tropical Fever Panel, VIDAS[®] Traumatic Brain injury**
- **Strong cash flow generation: €330m Free Cash Flow in 2024 vs €115m in 2023**

¹ At constant exchange rates and scope of consolidation

Growth Driver #1

BIOFIRE® non-respiratory panels: on-going expansion

+17%*

GO.28 target: +10%**

FY 24 Sales: €565m***

■ Successful cross selling strategy

- 78% of customers using at least 2 panels (up +3 pp vs Dec. 2023)
- 52% of customers using at least 3 panels (up +4 pp vs Dec 2023)

■ Installed Base / Customer expansion:

- +1,300 new unit installations in FY 2024
- Largest installed base in the market: 26,750 units

■ Internationalization out of the US

- 40% of BIOFIRE® units installed out of the US (+3pp vs Dec. 2023)
- 28% of sales out of the US (+1 pp vs 2023)

■ Continuous innovation

- BIOFIRE® Tropical Fever Panel launched in Dec 24
- BIOFIRE® GI-Mid panel FDA cleared in Feb 2025

* FY 24 sales growth vs FY 2023 at constant exchange rate

** Organic CAGR (2024 / 2028)

*** Reagents only

Growth Driver #2

SPOTFIRE® exceeding 2024 sales guidance

€95m*

+370%**

2028 target: €450m

■ Best in class solution for the Point of Care market

- Fast: 15 minutes Time To Result
- Easy to use: CLIA Waived
- Most comprehensive Respiratory menu
 - Respiratory: 5-plex & 15-plex
 - Respiratory Sore Throat (incl. Strep A): 5-plex & 15-plex

■ Strong traction

- +900 instrument installations in Q4 (600 in Q3, 250 in Q2)
- Installed Base: 3,000 instruments at the end of 2024
- 85% of the US installed base outside the hospitals

■ Commercial set-up in place

- US: McKesson as distributor for “pure” POC & direct sales for the hospitals
- Strong success in Japan
- Available in 24 countries in 4 Regions

* 2024 sales (reagents + instruments + services)

** FY 24 sales growth at constant exchange rate

Growth Driver #3

MICROBIOLOGY: strong reagents sales performance

+8.3%*

GO.28 target: +6/8%**

FY 24 Sales: €1,330m

■ Building on our leadership position

- BACT/ALERT® & VITEK® reagents: +13% sales growth
- Volumes expansion and price increases (+4pp on reagents)

■ Strong commitment to innovation

- Large adoption of VITEK® MS PRIME: 700+ instruments***
- VITEK® REVEAL™: FDA approval for the instrument and the gram-negative blood culture assay

■ Continued focus on AMR/AMS

- Opening of the 15th center of excellence (in Canada) dedicated to the fight against antimicrobial resistance and antibiotic stewardship

* FY 24 sales growth vs FY 2023 at constant exchange rate

** Organic CAGR (2024 / 2028)

*** Clinical Applications + Industrial Applications

Growth Driver #4

INDUSTRIAL APPLICATIONS: growing in line with GO.28 expectations

GO
for Growth

+9%*

GO.28 target: +7/9%**

FY 24 Sales: €606m

- **Balanced growth between food and healthcare segments**
 - Reagents sales up > 12%
 - Price increases : > +6%
- **Leveraging on innovation**
 - Food S&Q molecular segment sales up +30% with strong GENE-UP® traction
 - 40% of the Pharma Q&C segment sales growth coming from recent product launches

* FY 24 sales growth vs FY 2023 at constant exchange rate

** Organic CAGR (2024 / 2028)

Maximizing the value of the existing installed base for BIOFIRE® respiratory panels and Immunoassays

BIOFIRE Respiratory Panels

+12%*

GO.28 target: flat**

**FY24 Sales:
€839m*****

- Leveraging the BIOFIRE® installed base
- Double-digit sales growth driven by sustained epidemiology
- Limited price erosion (<1%)

IMMUNOASSAYS

-5%*

GO.28 target: flat**

**FY24 Sales:
€341m**

- VIDAS® sales, excl. PCT****, flat in FY 24
- >1,500 VIDAS® KUBE™ instruments installed 24 months after launch
- VIDAS® Traumatic Brain Injury FDA approval

* FY 24 sales growth vs FY 2023 at constant exchange rate

** Organic CAGR (2024 / 2028)

*** Reagents only

**** PCT stands for VIDAS® B•R•A•H•M•S PCT™ assay that tests for procalcitonin and represented ~20% of 2024 immunoassays sales

GO Simple is well on track

80%+
of the GO.28 initiatives have been initiated and a number of them have started to deliver tangible outcomes

² Per € million of revenue.

³ Corporate leadership team is defined as the Executive Committee and their N-1 with a global position (international profiles are defined as non-French)

⁴ Sales realized through the distributors network.

FY 2024 Financial Performance

2024 Sales: a dynamic +10.3%* driven by GO.28 growth drivers

SPOTFIRE €95m

- 3,000 instruments installed at the end of Dec. 2024
- Available in 24 countries.

MICROBIOLOGY +8%

- Very strong performance led by automated ID/AST and Blood Culture reagents
- Volumes and prices increases

BIOFIRE® Instr. & Services Flat

BIOFIRE® Non-RP +17%

Remarkable performance illustrating the efficiency of the cross-selling strategy

BIOFIRE® RP +12%

Strong demonstration of BIOFIRE® leadership in the most competitive segment of syndromic

IMMUNOASSAYS -5%

- Flat VIDAS® reagent sales excl. PCT
- Continuous decrease of PCT sales

INDUSTRIAL APP. +9%

- Reagents sales up +12%
- +6% increase in prices

Free cash flow ⁽²⁾	330	115
Business Dev. & financing activities	- 60	-148
Dividends	- 100	- 100
Impact of currency changes on net debt	7	- 19
Lease debt	- 51	- 62
Cash flow net	126	- 213
Total net cash (debt)	- 41	- 166

- **Inventories (-€85m)** driven by inventory build-up for new instruments launches and to support the steady demand in BIOFIRE® reagents
- **Receivables (-54m)**: in line with the increase in business activity
- **Other WCR items (+€92m)** : increase in social debts and R&D tax credit payments.

Capex 8.7% of sales: expansion and automation of the manufacturing capacities in the US together with the increase in the number of placed instruments, mainly SPOTFIRE®.

Business Dev. : Lumed acquisition, minority stake in SpinChip and purchase of treasury shares

2024 Net debt/ EBITDA 0.0x

⁽¹⁾ Earnings before interest, taxes, depreciation and amortization

⁽²⁾ Sum of cash flow from operating activities and net cash flow used in investing activities

Starting FY24, French research tax credit is presented under other WCR. Previously it was presented as a tax payment for the portion that was used to pay the tax.

SPINCHIP

Acquisition

PIONEERING DIAGNOSTICS

SPINCHIP | Integration of SpinChip - Immunoassay POC

2012 – Establishment by **Stig Morten BORCH**

2022 - Verification through **APACE** study

2024 - bioMérieux acquires **20% minority stake**

2025 - bioMérieux acquires **100%**

Based in **Oslo**

~**60** employees

> **Easy to use** >

Capillary blood (14 μ L)
Sealed test cartridge
Embedded self-controls and calibration

> **Fast** >

10min time-to-result

> **Reliable** >

Lab-like performance

SPINCHIP | Strategy and Financials

Ambitions

- **Strengthen bioMérieux positioning** in the promising **Point of Care segment**
- **Flexible solution** that will first address acute near-patient-testing in the hospital
- Pre-revenues company: **paves the way to future growth**. Revenues expected to become **significant post 2028**

Short term milestones

- Filing of **hsTnl** for IVDR expected by the end of 2025, **launch in the course of 2026**
- Additional assays (**NTproBNP, D-Dimer, PCT**) in development phase

Financials

- **Enterprise Value: €138m**
- **No dilution from day one**: development expenses will be embedded in the annual R&D envelop (~12% of sales) by resources redeployment

2025 outlook
