CLINICAL ADVANCES IN **DIAGNOSTIC AND ANTIMICROBIAL STEWARDSHIP**

ACTIVITIES

Focused activities in a variety of learning formats to engage and instruct.

Face off against your colleagues in a fast-paced series of medical questions about rapid, multiplex diagnostics and antimicrobial stewardship! Deepen knowledge, have fun, and grapple for the number 1 spot on the leaderboard.

A new MedChallenge is added quarterly.

RELATED RESOURCES

Access relevant clinical articles, guidelines, and downloadable slides. A free, thematic curriculum for physicians, dedicated to improving diagnostic and antimicrobial stewardship.
